

VEGAN BITES SUSTAINABILITY

SUSTAINABILITY IS AT THE HEART OF WHAT WE DO, WE SEE A MEAL AS AN OPPURTUNITY TO MAKE A CHOICE AND ARE PROUD TO OFFER GREAT TASTING FOOD THAT GIVES BACK TO WHERE IT CAME FROM.

FOR EVERY EVENT WE WORK OUT THE CARBON DIOXIDE EMITTED BY EVERYTHING WE HAVE DONE, FROM THE FOOD + DRINK - TO THE MILES DRIVEN. WE THEN OFFSET THE CARBON GENERATED AND SEND YOU A BREAK DOWN OF THE WHOLE THING.

AS A BUSINESS WE ALSO SUPPORT A HANDFUL OF ORGANISATIONS WITH THEIR ENVIRONMENTAL AND ECOLOGICAL EFFORTS. AS WELL AS MAKING EVERY EVENT WE DO CARBON NEUTRAL WE OFFSET AN ADDITIONAL 5 TONNES OF CO2 A YEAR.

OUR PLANT BASED HOT DOGS ARE RESPONSIBLE FOR 85% LESS CO2 EMISSIONS THAN MEAT ALTERNATIVES AND USE 90% LESS WATER IN THEIR PRODUCTION. ADDITIONALLY ALL OF OUR TRAYS, NAPKINS AND BRANDING COMES FROM SUPPLIERS WHO ARE CARBON NEUTRAL AS WELL!
